People Identified as Homeless:

Individuals

n = 111

Families

n = 19

Survey Results:

Length of Time Homeless

n = 106

Times Homeless in the Past Three Years

n = 106

Services Most Frequently Used

51 (48%) Case Management
42 (40%) Health Care
32 (30%) Mental Health Care

Services Most Frequently Needed but Not Accessed

20 (19%) Housing Search Help
17 (16%) Case Management
12 (11%) Transportation Expenses

Gender and Age

n = 106

Racial Make-Up

n = 106

22 (21%) people identified through the survey were minorities. Minorities are 4% of Maine's population.

Last Residence

n = 106

Adult Education Levels

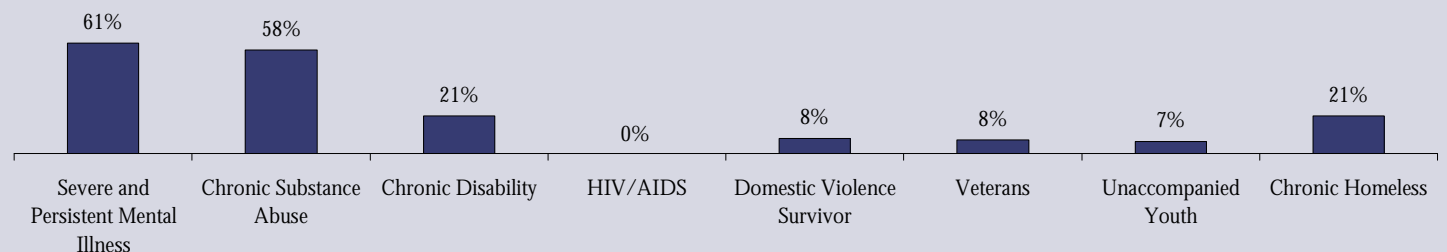

22 (23%) Less than High School Education
 49 (51%) High School Education
 17 (18%) More than High School Education
 8 (8%) No Response

Adult Employment Status

22 (23%) Employed
 3 (3%) Using Job Training Services

Additional Information*

n = 106

*Please note respondents could choose multiple categories.

22 (21%) survey respondents met the definition of chronically homeless: an unaccompanied homeless individual with a disabling condition who has either been continuously homeless for a year or more or has had at least four episodes of homelessness in the past three years. Please go to www.ich.gov for more information.

About the Survey: The Annual Point in Time Survey provides a snapshot of people experiencing homelessness on a particular night of the year. The survey is required by the U.S. Department of Housing and Urban Development for Continuums of Care to receive McKinney-Vento funds for Transitional and Permanent Supportive Housing. On January 30, 2008, service providers, homeless advocates and municipal officials from the three Continuums in Maine (The City of Portland, Greater Penobscot County and Maine Balance of State) conducted a statewide census of people staying in Emergency Shelters, Transitional Housing for people who are homeless, and those living on the streets or in places considered unfit for habitation (Unsheltered). The person's demographic information, homeless situation and service needs were recorded, whenever possible, in addition to counting people who were homeless. *This handout includes information and survey responses from people who were staying in Emergency Shelters or were Unsheltered in the Greater Penobscot Continuum of Care on January 30, 2008.* Visit www.mainehousing.org for additional Point in Time handouts with statewide and Continuum of Care data.
