I. New Passbook Savings Rate Published

As noted in an e-mail blast on November 14, 2014 – we want to remind you that HUD has published a new Passbook Savings Rate that becomes effective February 1, 2015. This change will affect tenants currently in the pipeline for recertification for February 1 or later. We have revised the Tenant Income Certification Form to reflect the new passbook rate for use in the certification process— it is attached for reference and can be found on our website at http://www.mainehousing.org/docs/default-source/property-mgmt/tenant-income-certification.pdf?sfvrsn=10.

II. RHIIP Listserv #323 – Housing Notice on Waiting List Administration Published

HUD Notice 2014-16 Waiting List Administration has been posted to HUDCLIPS and is attached for reference. This notice provides additional options for owners in their waiting list administration to further ensure fair housing compliance and provides guidance on the administration of waiting lists for Multifamily Housing properties. Topics include opening the waiting list, placing applicants on the waiting list, and outreach.
III. RHIIP Listserv #324 - Cost of Living Adjustment (COLA) for 2015

Monthly Social Security and Supplemental Security Income (SSI) benefits for nearly 64 million Americans will increase 1.7 percent in 2015.

The 1.7 percent cost-of-living adjustment (COLA) will begin with benefits that more than 58 million Social Security beneficiaries receive in January 2015. Increased payments to more than 8 million SSI beneficiaries will begin on December 31, 2014.

IV. MREMA announces a new Membership Grant Program

MREMA has grant money available to sponsor the first year’s dues to the organization for owners and/or managers throughout Maine who are interested in joining the organization. The criteria for participation in the Program are outlined in the attached Program summary.

V. Personnel Changes within the Asset Management Department

With all the recent staff changes, Asset Management undertook an evaluation of the departmental structure and performed a needs analysis which resulted in a re-organization of the Department that will become effective January 1, 2015. The highlighted changes include:

- An additional Asset Manager position was added so we would have more resources to accommodate the needs of our partners. Andrew Altmaier from the Finance Department at MaineHousing has been hired for this position.

- Asset Manager, Jane Sturk has accepted a newly created role of Asset Management Portfolio Loan Originator which will focus on lending activity in the Department, including Subsequent loans and ownership transfers, to assist our partners/projects in the existing portfolio. This movement opened up an Asset Management position to replace Jane. Alison Dyer has been hired for this position. Alison came to us from the Housing Choice Voucher Department at MaineHousing and has worked with many of our multifamily properties that have Mod Rehab or Project-Based Voucher contracts.

- With the addition of the new Asset Managers, a portfolio realignment was completed. Asset Managers are in the process of preparing letters of introduction that will be sent to their respective Owner/Managers over the next several weeks.

- Kimberly Weed is assuming the Portfolio Manager position and oversight responsibility for the Asset Managers. In turn, the Inspections group will be reassigned from Kim to Bob’s purview.

- Mary Young’s vacated position of Financial Officer has been recast as Financial Contracts Officer and Karen Champagne who was working with Mary will transition over into the role. Cindy Wardwell will be moving over to Karen’s current position which leaves a void in AFR/Budget reviews. This position is currently being advertised.

Also at this time, we are in the process of filling an Inspector position. We will let you know when both the Inspector and Financial Officer positions have been filled.
VI. TRACS 202D Conversion Deadline Approaching

The deadline for TRACS 202 conversion is coming up. If your software has been converted to TRACS 202D format then you are all set. If you have not, your software has to be converted by January 31, 2015. Please contact your software provider for assistance with this conversion.

VII. Effect of LIHEAP on SNAP and Impact to Subsidized Housing Tenants

The amount of SNAP benefit that a family receives is directly impacted by their eligibility for fuel assistance (LIHEAP). If a family can show it qualifies for LIHEAP, they can get a deduction known as the Standard Utility Allowance (SUA) which in turn increases the SNAP benefits they receive.

A recent change to the law now requires these families to prove their eligibility for LIHEAP every year when they apply for SNAP in order to receive the SUA deduction. In the past, they only had to do this once every five years.

The Maine LIHEAP program is proactively working to streamline the application process for SNAP clients who receive subsidized rental assistance by relying on the results of the rental income eligibility certifications as the basis to qualify them as income eligible for LIHEAP assistance.

A memo outlining the program, new law and required documentation for streamlining eligibility determinations is attached for reference.

Energy & Housing Services Department Memorandum

To:        Public Housing Authorities, Housing Providers, Property Managers, and USDA Offices  
c:         Community Action Agencies (CAAs)  
From:      Kathy Kinch, Program Operations Manager  
Date:      December 11, 2014  
Subject:   LIHEAP – Documentation Required for Subsidized Housing Tenants

The intent of this memo is to inform our housing partners about changes in the federal Farm Bill impacting subsidized housing tenants. We hope this information helps to clarify the following:

- Background on the connection between Low Income Home Energy Assistance Program (LIHEAP) and Supplemental Nutrition Assistance Program (SNAP) benefits – i.e. Heat and Eat
- Federal law changes and the potential impact on SNAP benefits.
- Housing related documentation required to determine LIHEAP eligibility of subsidized housing tenants.

Background:

The following provides some context for the connection between LIHEAP and SNAP benefits. A portion of this is an excerpt from an article published by the National Consumer Law Center (June 2014).

“Heat and Eat” is a term used to describe a streamlining practice that some states use to determine SNAP benefit levels for eligible households. In calculating a household’s monthly SNAP benefits, certain deductions from income are allowed, including the (SNAP) Standard Utility Allowance (SUA). A household may receive a higher SNAP benefit if they qualify for more deductions.

Under previous law, Maine households who did not have direct heating costs could qualify for the (SNAP) SUA, which in turn resulted in a higher SNAP benefit, if one of the following was true:

- Household indicated to DHHS that they intended to apply for LIHEAP; or
- Household received any amount of LIHEAP benefit. Tenants residing in subsidized units with heat included only needed to apply for LIHEAP once every five years.

Changes to “Heat and Eat” in the Agriculture Act of 2014 – Section 4006 of Title IV in the Agriculture Act of 2014, commonly known as the Farm Bill of 2014, provides that LIHEAP payments of $20 per year or less no longer entitle a household to automatically qualify for the SUA. This means that families receiving $20 or less in LIHEAP assistance will not qualify for “Heat and Eat”. These changes took effect in March 2014 for new SNAP applicants. For current SNAP
recipients, the law states that the change will take effect when they reapply for benefits at the end of their current (SNAP) certification period.

Impact on Maine Clients:

This change affects thousands of Maine households who now find themselves in a position of having to apply for LIHEAP annually instead of once every five years. In order to minimize the impact to these households and make the process more efficient, MaineHousing has streamlined the application process so that with adequate documentation/support, these households can be certified as LIHEAP eligible based on the fact that they have been deemed income eligible for rental assistance as determined through the annual income certification process. To adequately support this, as part of the LIHEAP application/certification process, applicants who reside in subsidized housing (defined as rent restricted units or units receiving rental assistance through HUD Section 8 or Rural Development Rental Assistance subsidy) must provide documentation, as prescribed by MaineHousing, to substantiate the following:

- Landlord’s or housing agent’s name and telephone number
- Physical address of the property
- Tenant rent amount
- Effective date of lease or annual verification/recertification
- Names of all persons living in the residence.
- Tenant’s responsibility for utilities – amount paid by tenant.

The following outlines LIHEAP eligibility and the documentation requirements by housing type. The documentation listed below will be acceptable provided it fully addresses (a) thru (f) above.

It is important to note that LIHEAP eligibility is based on the information submitted by the Primary Applicant as of the **Date of Application**. Therefore, the documentation submitted should represent what was effective on the (LIHEAP) date of application.

### Subsidized with heat included tenants

MaineHousing has increased LIHEAP payments to $21 per year to comply with the new law and ensure clients maintain eligibility for “Heat and Eat”.

Tenants living in subsidized housing **with heat included** may be eligible for a $21 LIHEAP benefit provided they pay a portion of their rent or utility costs.

Receipt of a $21 LIHEAP benefit entitles the client to the SNAP Standard Utility Allowance (SUA) provided the benefit was paid within the twelve (12) months preceding their SNAP application or recertification date.

If the subsidy pays 100% of the rent and utility costs, the tenant does not have a direct or indirect heating cost; and therefore, would not be eligible for LIHEAP.

**Documentation:** applicant/tenant must provide **one of the following** when applying for LIHEAP:

- Recertification worksheet/summary or Rent Calculation sheet signed by property manager or subsidy housing specialist; **or**

- Valid lease agreement; **or**

- Recertification form (HUD 50058/59 or RD 3560-8).
Subsidized housing tenants who are responsible for paying all or a portion of their heating costs

Tenants living in subsidized housing who are responsible for their own heat may be eligible for a regular LIHEAP benefit that is greater than $21/year. The LIHEAP benefit amount is based on the tenant’s estimated home heating cost minus any subsidy received, or included in the rent reduction calculations, to assist the tenant with home heating costs. Since the tenant has a direct heating cost, their eligibility for the SUA is NOT contingent on receiving a LIHEAP benefit.

Documentation: applicant/tenant must provide one of the following when applying for LIHEAP:

a. Recertification worksheet/summary or Rent Calculation sheet signed by property manager or subsidy housing specialist and Home Energy Assistance – Subsidized Housing Form; or

b. Valid lease agreement and Home Energy Assistance - Subsidized Housing Form; or

c. Recertification form (HUD 50058/59 or RD 3560-8) and Home Energy Assistance Program - Subsidized Housing Form.

We acknowledge it has been a difficult, confusing, and administratively burdensome transition for all involved, including clients and our partners. MaineHousing will continue looking for ways to simplify the documentation requirements and still be in compliance with the federal requirements.
