MaineHousing Notice #2025-WAP-010 is being issued to provide policy regarding funding WAP units.

1. Policy on Funding a WAP Unit

All completed WAP units must utilize the Department of Energy (DOE) funding on them. To be eligible as a countable unit by DOE there needs to be minimum of one Energy Conservation Measure (ECM), partially or fully funded by a DOE grant. Each completed unit can only have one DOE grant used to fund a measure(s). Units that are submitted without a DOE funding source will result in an Open Item requiring measure(s) be reassigned to DOE.

MaineHousing must count every WAP unit that is completed towards the contractual DOE requirements. Not meeting these requirements may jeopardize funding going forward and the opportunity to obtain leverage funding opportunities.
