

Program:	Weatherization Assistance Program (DOE) Heating and Energy Assistance Program (HEAP Wx)	MHN #	2020-005
Issued by:	MaineHousing, Energy and Housing Services	Effective Date:	08/10/2020

MaineHousing Notice 2020-005 is being issued to notify CAA weatherization management and field staff of changes to some weatherization measure lifetimes.

Weatherization Measure Lifetime Updates Implemented

Reference: Weatherization Program Notice 19-4
HEAT Enterprise

DOE approved MaineHousing's request to update some weatherization measure lifetimes in accordance with WPN 19-4. Since the same audit software is used to determine SIRs for both DOE and HEAP Wx, the changes are relevant to both programs. DOE allowed increases to some measure lifetimes, which may result in the measure(s) achieving a higher SIR. The approved Measure Lifetime Update list is attached for reference.
