## MULTI-FAMILY APPLICANT INFORMATION

**INSTRUCTIONS:** This *Applicant Information Form* describes the Lead Hazard Reduction Grant Program (Federal Lead) and Maine Lead-Paint Hazard Abatement Program (State Lead), collectively referred to as the “Lead Program,” requirements and provides a list of things that property owners need to know, and need to do before making a commitment to receive funds from the Lead Program. The Community Action Agency will access the needs of the Applicant and make Lead Program funding recommendation based on Lead Program eligibility requirements. Applicants should retain this *Applicant Information* with their records.

### 1. HOW THE PROGRAM WORKS

MaineHousing’s Lead Program is administered by Community Action Agencies (CAA). The CAA will take an *Owner Application*, perform all necessary eligibility verifications, and inspect the work as it is being performed. After the Owner has signed all necessary documents and if all guidelines are met, MaineHousing will fund the project with Federal Lead Program and/or State Lead Program funds being held on the Owner’s behalf. MaineHousing uses funds from the U.S. Department of Housing & Urban Development, Real Estate Transfer Tax and other state and federal funds to provide funding for the Lead Program.

### 2. FEDERAL LEAD PROGRAM GENERAL INFORMATION

Funds being provided to me/us under the Lead Program may not be sufficient to address all lead hazards in or around the Property. Owners who are licensed lead abatement contractors must receive pre-approval from MaineHousing in order to seek reimbursement for costs related to materials for the lead abatement project. Please contact the Community Action Agency for additional information.

- e. During the work, the contractor will need to use water, electricity and other utilities. The cost for the use of these utilities will be at the expense of the Owner.
- f. Site visits will be conducted by staff from the CAA and MaineHousing during the construction phase.

#### 8. CONTRACTOR PROPOSALS

- a. The CAA will obtain a minimum of three bids from separate, qualified contractors to perform the work. The contractor must be a Maine Department of Environmental Protection licensed lead abatement contractor and or a Lead Smart Renovator (if the type of work allows for a Lead Smart Renovator).
- b. Owners should check the Contractor’s past performance through references and the Better Business Bureau. The CAA may be able to assist.
- c. The CAA will award the project to the lowest bidder. If Owners choose a contractor whose bid is higher than another, **the Owner will be responsible** for paying the difference between the low bid and the bid the Owner chooses.

## 9. CONTRACTS

MaineHousing's Federal Lead Program and State Lead Program require a *Construction Contract* to be signed by the Owner and the chosen contractor. The CAA will provide the *Construction Contract*.

## 10. CONTRACTOR PAYMENTS

- a. No payments will be released to the contractor until the CAA authorizes payment. Final payment will be withheld until the contractor passes a visual inspection and a lead dust wipe clearance test performed by the CAA.
- b. The Owner, the chosen contractor and the CAA will enter into a *Construction Escrow Agreement*. This enables the CAA to hold and distribute the construction funds on the Owner's behalf and in accordance with program rules.

## 11. RESOLUTION OF DISPUTES

MaineHousing uses a standard procedure for resolving disputes among the owner, the contractor, and the CAA concerning the rehabilitation of a home. The CAA is initially responsible for resolving disputes. If a dispute arises concerning the provisions of the signed *Construction Contract* or the performance by the parties, contact the CAA immediately and describe the complaint. If the CAA is unable to informally resolve the dispute, the CAA will assist the parties through the following process:

- a. *Notice of Dispute*. Within five business days of becoming aware of a dispute that is not readily resolved, the CAA will send MaineHousing a notice of the dispute with a copy of any written correspondence from the complainant. The CAA will also send a copy of the notice of dispute to the complainant. If MaineHousing learns of the dispute first, MaineHousing shall, within three working days send the CAA a notice of dispute along with any correspondence from the complainant. For the most efficient process, contact the CAA first, not MaineHousing.
- b. *Informal Conference*. The CAA will set up an informal conference to be held within fifteen days from when the CAA becomes aware of the dispute. The CAA will notify all parties of the date, time and place of the informal conference giving reasonable consideration to the schedules of all parties and the severity of the dispute. If the informal conference produces a resolution to the dispute, the CAA will prepare a document signed by all parties involved in the dispute that plainly states the agreed upon resolution.
- c. *Binding Arbitration*. The lead hazard construction contract and/or the general construction contract between the contractor and the Owner will contain a binding arbitration clause. If the informal conference does not produce a resolution, the CAA will issue a document stating that no resolution was reached and that the parties will participate in a binding arbitration proceeding to be held as soon as possible after the informal conference. Unless the CAA, Owner, and contractor otherwise agree, the arbitration shall be conducted in accordance with the construction industry arbitration rules of the American Arbitration Association. The decision of the arbitrator will be final.
