

# REPLACE YOUR SPACE

with the help of MaineHousing

*New Home*

*of Your Own*

If you own and occupy a mobile home built before 1976, MaineHousing can help replace it with a brand-new ENERGY STAR® certified manufactured home on the same site. The Pre-1976 Mobile Home Replacement Initiative is part of our mission to help keep Mainers in warm, affordable, safe homes. If you're eligible, you will get a \$35,000 grant toward a new, more energy-efficient home.
