

A safe, easy way to rent a room in your home for 1+ months

Your house, your rules

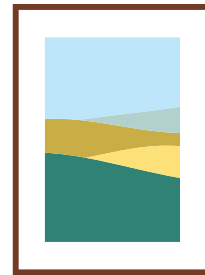

Open your home, without upsetting your balance. You set your rules, your price, and choose who to accept. Everything is documented and transparent so there are never any grey areas.

Background checks and more

We require references, background checks, and proof of employment from renters. We also handle leases, collect monthly rent, and facilitate settlement of disputes amicably.

Good on paper and in-person

Our team is dedicated to bringing you the highest quality renters. Once you have an offer, use our secure in-app chat and video call feature before arranging to meet face-to-face to make your final decision.
