Alternate Use of Crisis Assistance Funds, 2605(c)(1)(C)

1.3 The funds reserved for winter crisis assistance that have not been expended by March 15 will be

reprogrammed to:

Categorical Eligibility, 2605(b)(2)(A) - Assurance 2, 2605(c)(1)(A), 2605(b)(8A) - Assurance 8								
1.4 Do you consider households categorically eligible if at least one household member receives at least one of the following categories of benefits in the left column below?								
<input checked="" type="checkbox"/>	Yes			<input type="checkbox"/>	No			
If you answered "Yes" to question 1.4, you must complete the table below and answer questions 1.5 and 1.6.

1.4 a. Provide your definition of categorical eligibility. Please explain how households are categorically eligible (i.e., do all household members need to receive the benefits or just one member, is there a data exchange in place?) and how categorical eligibility streamlines the LIHEAP application process.								
Maine utilizes the above categories of benefits to determine if a Household is Categorical Income Eligibility. Households who enroll using Categorical Income Eligibility will have their benefit calculated based on the highest FPL allowable for each benefit type above. A Household may still choose to provide actual income documentation for benefit determination. From Chapter 24 Home Energy Assistance Program Rule: "Categorical Income Eligibility" means Household Members who are included on a Maine Department of Health and Human Services ("Maine DHHS") Notice of Decision for TANF or SNAP assistance will be considered income eligible for HEAP, as the Household Members' incomes have already been vetted. Adult Household Members who are not included on the Notice of Decision must provide income documentation as outlined in this Rule and the HEAP Handbook.								
1.5 Do you automatically enroll households without a direct annual application?								
<input type="checkbox"/>	Yes			<input checked="" type="checkbox"/>	No			
If Yes, explain:								
1.6 How do you ensure there is no difference in the treatment of categorically eligible households from those not receiving other public assistance when determining eligibility and benefit amounts?								
All applicants must provide the required application documentation regardless of receipt of other means of public assistance. Households who currently participate in one of the means-tested programs in section 1.3 have the option of utilizing Categorical Income Eligibility when applying for LIHEAP. Households who enroll using Categorical Income Eligibility will have their benefit calculated based on the highest FPL allowable for each benefit type above. A Categorically Income Eligible Household may still choose to provide actual income documentation for benefit determination.								
SNAP Nominal Payments

<input checked="" type="checkbox"/>	Yes			<input type="checkbox"/>	No			
If you answered "yes" to question 1.7a, you must provide a response to questions 1.7b, 1.7c and 1.7d.

The same guidelines apply to non-occupying co-owner's countable assets. If there is a penalty to withdraw funds from an account the funds will not be part of the Countable Asset. Ex: funds from a retirement account when the declarant is younger than the age to withdraw (account documentation will be needed).

B. 2-4 Unit Dwellings

A rental dwelling containing 2 to 4 rental units is eligible for WAP if it is occupied by an eligible Household(s). Prior to conducting the energy audit, the CAA must verify the ownership of the unit/building and secure confirmation from the property owner.

(2) 2-4 unit dwellings are those with four (4) or less units, and three (3) stories or less.

(3) 2-4 unit dwellings will be prioritized similar to single-family: tenants with the highest energy use and highest energy burden (as a percentage of income) will receive priority.

5.7 Priority Eligibility

Priority Eligibility is also given to Households who are high-energy users.

Priority Eligibility is given to Households who are leveraging other funding sources.

1. Written Permission

Secure owner's and tenant's consent on the *WAP Consent* form to proceed with weatherization measures. Additionally, the owner and tenant are required to sign MaineHousing's *Weatherization Rental Agreement* before the CAA can proceed with weatherization.

Section 9 – Energy Suppliers

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating	<input checked="" type="checkbox"/>	Yes	<input type="checkbox"/>	No
Cooling	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
Crisis	<input checked="" type="checkbox"/>	Yes	<input type="checkbox"/>	No
Are there exceptions?	<input checked="" type="checkbox"/>	Yes	<input type="checkbox"/>	No

If yes, Describe.

MaineHousing may issue direct checks to LIHEAP recipients who do not have a designated vendor in their area, who pay rent with heat included, or who receive their benefit for firewood, wood pellets, corn, coal, or bio-fuels.

MaineHousing and Subgrantees encourage recipients to apply their benefits to their electric utility account if their benefit cannot be used for their primary or secondary heating system and the eligible household is responsible for their electric utility bill. Benefits are determined based on a household’s selected fuel type.

9.2 How do you notify the client of the amount of assistance paid?

Once the client’s application has been approved for payment, MaineHousing mails a benefit notification letter to the Primary Applicant. The benefit notification letter shall:

- State the Benefit amount;
- State the date the Benefit was sent to the Vendor;
- State the approved Home Energy type;
- State the time period for the Benefit; and State the manner by which the Primary Applicant can request an informal review.

9.3 How do you assure that the home energy supplier will charge the eligible household in the normal billing process, the difference between the actual cost of the home energy, and the amount of the payment?

Vendor performance is ensured through Vendor Agreements, annual reports provided by contracted vendors, and on-site or desk monitoring. Additionally, vendors must submit detailed transaction reports with benefit returns to show delivery and payment activity/history for the LIHEAP client’s account and must maintain a daily cash price log while an active vendor.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

The contract between MaineHousing and the vendor explicitly prohibits discrimination. Participating vendors must agree not to discriminate against any eligible household regarding the extension of credit to purchase Home Energy or other services, the price of Home Energy or other services, or the terms or conditions of the delivery of Home Energy or other services solely on the basis of its being an eligible household. Any accusations of discrimination are investigated.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
--------------------------	-----	-------------------------------------	----

If so, describe the measures unregulated vendors may take.

Attach a copy of the template statewide vendor agreement or a policy that indicates local agreements must adhere to statewide policies and assurances.

Section 10 – Program, Fiscal Monitoring, and Audit

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure proper fiscal accounting and tracking of funds? Be specific about tracking of grant award, tracking of expenditures, tracking vendor (benefit) refunds, fiscal reporting process, and fiscal software systems being used.

In order to ensure good fiscal accounting and tracking of all grants including LIHEAP, MaineHousing performs onsite and desk reviews of each subgrantee which include a review of agency fiscal policies and procedures; a reconciliation of billings submitted to agency general ledger detail and supporting documentation; and an examination of each subgrantee's Uniform Grant Guidance Audit (2CFR 200). Additionally, six-month Corrective Action Reviews are required in the event MaineHousing identifies significant compliance concerns with an individual subgrantee. Additionally, a quality control review is completed annually of a sampling of monitoring reviews to ensure the monitorings have been completed in compliance with the State Rule, regulations, policies, and other guides.

Each onsite visit may include an entrance and exit interview. Onsite monitoring includes but is not limited to review of the previous audit report to identify focus areas for the review; analyzing the data used by each subgrantee to determine client income eligibility and benefit determination; observation of the applicant intake process; and other monitoring steps to ensure overall program compliance. Additionally, desk reviews will be completed periodically and include such things as checking application data residing in MaineHousing's centralized database for anomalies using pre-determined indicators or specific data points (i.e. duplicate addresses, certification outside the required 30 business day period, etc.).

The fair hearing process in place at MaineHousing provides an opportunity to conduct additional in-depth client file monitoring because a thorough analysis is completed by staff of each filed complaint to ensure that the subgrantee followed program rules in determining client eligibility and benefit determination.

The monitoring of energy suppliers is conducted in a number of ways:
Onsite visits to vendors (those deemed high risk as well as a sampling of others);
Desk reviews of vendors: a random sample of client accounts are reviewed to assess the vendor practices and determine vendor risk rating;
Review of submitted annual vendor reports using data points to identify anomalies;
Review of transaction reports (delivery and payment activity) from May 1st forward for the benefit year(s) being returned.

After each conducted monitoring, MaineHousing issues a written report containing all findings to the subgrantee/vendor. The report will establish a reasonable time period for comment and the required corrective action(s) by the subgrantee/vendor.

Upon request from the subgrantee/vendor, MaineHousing will provide technical assistance in all areas needing corrective action.

Depending upon the significance of the issue(s), failure to comply with the required corrective action plans could result in a notice of termination of the contract.

Management of Vendor Refunds (Benefit Returns):

All benefit returns must be submitted to MaineHousing. Benefit returns are tracked and reconciled to the appropriate fiscal year. Any expired funds or any amounts exceeding the 10% carryover limit will be returned to DHHS.

10.1a Provide Definitions for the following:

Obligation:	A contractually legal commitment for funding, payment, services or activities.
Expenditures:	The action of expending funds, something expended, disbursement, or expense for the purposes of acquiring goods or services.
Expenditure timeframe:	The allowable time period to perform an obligation as set forth in contractual agreements.
Administrative costs:	Necessary costs incurred performing activities for the program that are not directly

related to processing of clients requested services. Typical examples would be preparing budgets, creating policies and procedures, attending planning meetings or professional development related to the program as well as indirect costs proportionally charged in relation to a cost allocation plan or fiscal policies.

Audit Process

10.2. Is your LIHEAP program audited annually under the Single Audit Act and OMB Circular A - 133?

Yes No

10.2a If yes, describe your auditor selection process.

10.3. Describe any audit findings of the grant recipient (i.e., state, tribe, territory) rising to the level of a material weakness or reportable condition cited in the single audits, inspector general reviews, or other government agency reviews from the most recently audited fiscal year.

As part of this, the Monitoring group is developing a regular schedule to visit the Community Action Agencies (CAAs) each year based on the established schedule. At the conclusion of each review, a consolidated report with an overall summary will be completed for each CAA. This new process will ensure that all CAAs are monitored by all program teams as well as the fiscal team each year and that all monitoring visits are documented appropriately. In addition to this, EHS has hired a Quality Control Specialist to review all monitoring reports, and program processes to ensure that each Team is monitoring to the applicable

Additionally, there were questions as to who was responsible for inputting the information, who was responsible for submitting the reports, and when certain reports were due. EHS is in the process of developing and implementing the use of an up-to-date report tracking spreadsheet for the Department. Additionally, EHS walked through the process and what is required with a representative from Maine DHHS. For TANF, this process and tracking has been fully implemented.</p>

Section 13 – Reduction of Home Energy Needs

Section 13: Reduction of Home Energy Needs, 2605(b)(16) - Assurance 16

13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?

Subgrantees may submit annual proposals for MaineHousing's consideration, describing their planned activities and expenses associated with providing services to applicants pursuant to Assurance 16 of the LIHEAP Act. Assurance 16 funds may only be used to fund activities that encourage and enable eligible households to reduce their home energy needs and thereby the need for energy assistance.

Only LIHEAP eligible households may receive Assurance 16 services. The services being funded by Assurance 16 must be energy related and may include family development case management and education activities. Subgrantees are required to have proper fiscal controls to ensure the LIHEAP funds are expended proportional to the overall funding sources using proper cost allocation methodology. There must be proper documentation of participation and a methodology to measure outcomes from the Assurance 16 activities.

Salaries and benefit costs for any staff providing services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance are allowable. Additionally, direct costs associated with providing these services, including supplies, equipment, postage, utilities, rental office space, and travel costs incurred for official business are also allowable.

Services that are already provided as part of the delivery of other federal programs cannot be charged to Assurance 16. Examples:

- Working with an electric utility to forestall a shut-off as part of providing an Energy Crisis Intervention Program (ECIP) benefit cannot be charged to Assurance 16 because this activity is already required and funded under ECIP.
- Outreach/Intake services, regardless of where they are provided, or who (which staff member/position) provides them, cannot be charged to Assurance 16. These activities are already required under HEAP fuel assistance, and therefore, do not provide an additional benefit to eligible households.
- Mailed out applications are not allowed to be charged to Assurance 16.
- Indirect charges cannot be charged to Assurance 16. Client referrals to other programs or resources that are not related to clients' home energy needs or do not reflect an additional net benefit for the client.

13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?

MaineHousing has established the following requirements to ensure compliance:

- Budget ~~5~~2.42% of Maine's LIHEAP funds for Assurance 16 activities;
- Subgrant agreements specify the allocation amount for these activities;
- Subgrantees are required to submit budgets and work plans that outline their processes for administering these activities;
- Monitor subgrantees' expenditures monthly; and Subgrantee's record-keeping must demonstrate a direct link between services provided to clients and costs charged to Assurance 16. Salary costs for providing Assurance 16 services must be supported by timesheet documentation.

13.3 Describe the impact of such activities on the number of households served in the previous federal Fiscal Year? Impact can be measured in many different ways: using logic models, data tracking systems, process evaluation, impact evaluation, number of households served versus applied, and performance management for example.

MaineHousing provides its subgrantees with an opportunity to develop/submit proposals and funding requests for Assurance 16 (A16) initiatives. ~~Six~~Seven (67) subgrantees were awarded funds for Assurance 16 activities. Activities included short-term case management, comprehensive energy saving education/counseling, and providing participants with energy saving kits.

13.4 Describe the level of direct benefits provided to those households in the previous federal Fiscal Year.

Some subgrantees offer incentives to households who complete milestones/modules of financial literacy education and demonstrate a reduction in their home energy costs. Incentives range from \$50- \$425 (depending on the subgrantee's incentive model and the number of milestones achieved by a household) that are issued to the household's fuel or electricity vendor.

13.5 How many households received these services?

Section 19 – Certification Regarding Drug-Free Workplace Requirements

Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATEWIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grant recipient is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grant recipient knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For grant recipients other than individuals, Alternate I applies.
4. For grant recipients who are individuals, Alternate II applies.

If the grant recipient does not identify the workplaces at the time of application, or upon award, if there is no application, the grant recipient must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grant recipient's drug-free workplace requirements.

Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grant recipient directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grant recipient's payroll. This definition does not include workers not on the payroll of the grant recipient (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grant recipient's payroll; or employees of subrecipients or subcontractors in covered workplaces).
