Did you know?

You may have heard about the federal eviction moratorium. See answers here. We want to hear from you! We know that COVID-19 has been hard on Maine people in so many ways— and are leasing for the first time with the program. The program is not intended to pay for all heating costs, but to help pay heating costs in your home or your rental units through Efficiency Maine.

HEAP Helps!
The Home Energy Assistance Program (HEAP) helps qualified low-income households with their home heating bills, so that they can stay warm and comfortably度过winter. The program is not intended to pay for all heating costs, but to help pay heating costs in your home or your rental units through Efficiency Maine.

HEAP assists with paying for a variety of heating fuels, including oil, natural gas, biomass, coal, and electricity. HEAP helps qualified low-income households with their home heating bills, so that they can stay warm and comfortably度过winter. The program is not intended to pay for all heating costs, but to help pay heating costs in your home or your rental units through Efficiency Maine.

Die amount of help a household may receive through HEAP is based on the household’s size, income, and energy costs. People apply for HEAP through local Community Action Agencies (CAAs). There have been recent changes with income eligibility levels, so more households who were issued a voucher may apply.

within the program, how to apply, and a wealth of knowledge about heat pumps! Learn more by visiting Efficiency Maine’s website.
